

## APPENDIX R

### Records Retention

#### Introduction

The records retention guidelines for diocesan/parish records were prepared to assist dioceses' and/or parishes' needs to establish control over routine records and to preserve records of permanent value. The list of records included is lengthy but not all inclusive. Each diocese/parish may have a series of records not mentioned here. Do check with the retention requirements applicable to your jurisdiction and nature of your documents. The following are samples of typical record retention periods.

Note: This section on Records Retention comes directly from the USCCB Guidelines.

#### Records Retention Schedules

Records retention schedules represent the period of time that records must be kept according to legal and/or organizational requirements.

This document covers retention schedules for seven different groups of diocesan/parish records:

- Administrative
- Personnel
- Financial
- Property
- Cemetery
- Publications
- Sacramental

Within each group, different series are listed followed by a retention period. Records older than the retention period should be destroyed. Those of permanent value must be stored appropriately.

#### Definition of Records

The word "records" used in this policy refers to all recorded information, documents, letters, maps, books, photographs, films, sound recordings, tapes (magnetic and otherwise), electronic data processing records, emails sent and received, recorded voice mails, electronic data banks and other documentary material created, received, maintained or preserved by any department or employee of the Diocese of Yakima in the course of transaction of business or ministry or in pursuit of its legal obligations.

#### Ownership of Records

All records as defined above and created or preserved by a department, ministry or employee of the Diocese of Yakima in the course of employment or in the transaction of Diocesan business are solely the property of the Diocese.

### **Conservation of Records**

No records shall be removed, destroyed, transferred, stored, transferred into another media or otherwise disposed of except in compliance with Diocesan policies.

### **Retention Periods**

Retention periods in this policy are absolute, except when legally halted by official notice. They are not minimum guidelines. There are no exceptions.

### **Electronic Records**

Records generated and/or stored electronically, including emails, are subject to these policies in the same manner as printed documents. Retention decisions will be based on the content of the electronic record in the same manner as a printed document. As is the case with all records, they must be accessible and retrievable for the stated retention period.

### **Disposal of Expired Records**

Annually, the second week of January, each department of the Diocese of Yakima will dispose of records whose retention time has expired. Records may be shredded or, if electronic, deleted or destroyed by another approved method. No exceptions may be made, the retention times are absolute. Arrangements will be made for commercial shredding. A copy of the Certificate of Destruction will be executed and signed by the department head. One copy should be sent to Archives and the other retained by the department.

### **Certification of disposal of expired records**

Each year, by January, every department head will submit to the Chancellor a letter testifying to the fact that all expired records pertaining to his/her department have been destroyed in accordance with the Record Retention Schedule.

### **Conversion of Records to Electronic Medium**

Paper records may be scanned or otherwise transferred to an electronic medium. When the conversion is complete the paper records will be destroyed in accordance with the "Disposal of Expired Records" policy noted above.

### **Administration**

Administration of the Record Management and Retention Program will be the responsibility of the Chancellor of the Diocese and will be the specific responsibility of the Diocese of Yakima Archivist, who will publish the exact dates and confirm conformance to this policy by all departments. The Archivist will submit a written report of conformance to the Chancellor by February of each year.

### **Changes and implementation**

Changes to this policy or the Record Retention Schedule may be made only with the written approval of the Bishop of Yakima. This policy will become effective upon approval of the Bishop of Yakima with the first period for record disposal the month following promulgation.

**A. Administrative Records**

These records are produced in the course of the management of the affairs of the diocese/parish.

Records Retention Schedule					
Record Group	Type of Record	Time	Medium	Retained	Disposal
	<i>Note on Email</i>				
	<i>The fact that a record is electronic or Email should not affect its retention. The schedule to be followed should be determined by the content of the record. For example, an Email about finance matters would follow the schedule for financial records. An Email about Tribunal matters would follow the schedule for Tribunal records. A personal email, or spam would not be a record at all and could be disposed of, etc.</i>				
	<i>Emails may be filed in electronic folders or printed and filed as paper documents based on their content.</i>				
<b>Administrative Records All Departments</b>					
	Administrative Records (correspondence, memoranda, rules and regulations, etc.				
	a. Records originating in the organization that document policy, procedure, rules or regulations	Permanent	Paper/electronic	On site
