

“My parent's have always told me that I'm not supposed to work in the fields, I need to go to school and then college... My cousin's (going to college), and she's like me-her parent's work in the fields. So, I'm going to college, too...(the ministry) is fun and I make a lot of friends. I learn a lot, too and it helps me with my reading. I can't wait to see you guys next summer.”

*Angie Hernández, age 10
Literacy Wagon Ministry*
